**Administration’s Message**

Welcome back! We hope that all students have been able to have a restful week and are reenergized and prepared for the last stretch of the 2018-19 school year.

As we move into the final and busiest three and a half months of the school year, families and students are reminded that responsibility, work ethic and organization are extremely important traits to continue to develop during our remaining time together. As teachers work to collect assessments and introduce final units of study, it will be increasingly necessary to put forward best efforts to ensure all students are successful on their final reports.

We were extremely pleased with the participation at our whole-school bowling trip on that took place on the Thursday before March break. All students and staff appeared to have a fantastic time throwing strikes, sharing laughs and eating snacks with friends. Please keep in mind that we expect all students to opt-in to school trips offered at the school that are run through our classrooms, as they are part of our educational programming and provide unique opportunities that may not be experienced otherwise. We are pleased to offer financial support on an as-needed basis, but students will not be permitted to stay at the school simply because they are not interested in the excursion. We appreciate your support with this.

With warmer weather on the horizon, families are reminded that bikes, scooters and skateboards are not to be ridden on school property and are the responsibility of students if they wish to bring them. Please ensure that proper footwear continues to worn and that your student has a pair of closed-toed running shoes for gym activities.

**TVO Mathify**

Families who are interested in having their student receive extra math support while at home are invited to access a free online support tool called Mathify from TVOntario. It offers seamless school-to-home math learning with an interactive classroom tool, and live, one-on-one, online afterschool math tutoring. To register, go to [tvo.org/mathify](http://tvo.org/mathify) and use your child’s Ontario Education Number, which can be found on any report card. A personal email address will also be required at the time of registration.
